SMART CITY 
COOLER

SMART CITY COOLER

GET THE MAXIMUM PERFORMANCE WHEN AND FROM WHEREVER YOU WANT.

Smart City Cooler is an advanced control system, developed after more than 20 years defining customers needs, to optimize performance and maintenance of Coolers by

- Internet Control
- Performance Information
- Failure Information
- Can be controlled locally, Web or Smart phone

A MODERN, PROGRAMMABLE CONTROL ENABLES DETAILED INFORMATION TO BE OBTAINED FROM THE SYSTEM ANYWHERE AND AT ANYTIME.

Remotely and via PC, tablet or smart phone, we can check the unit's operation, modify the operating parameters and implement any necessary maintenance orders.

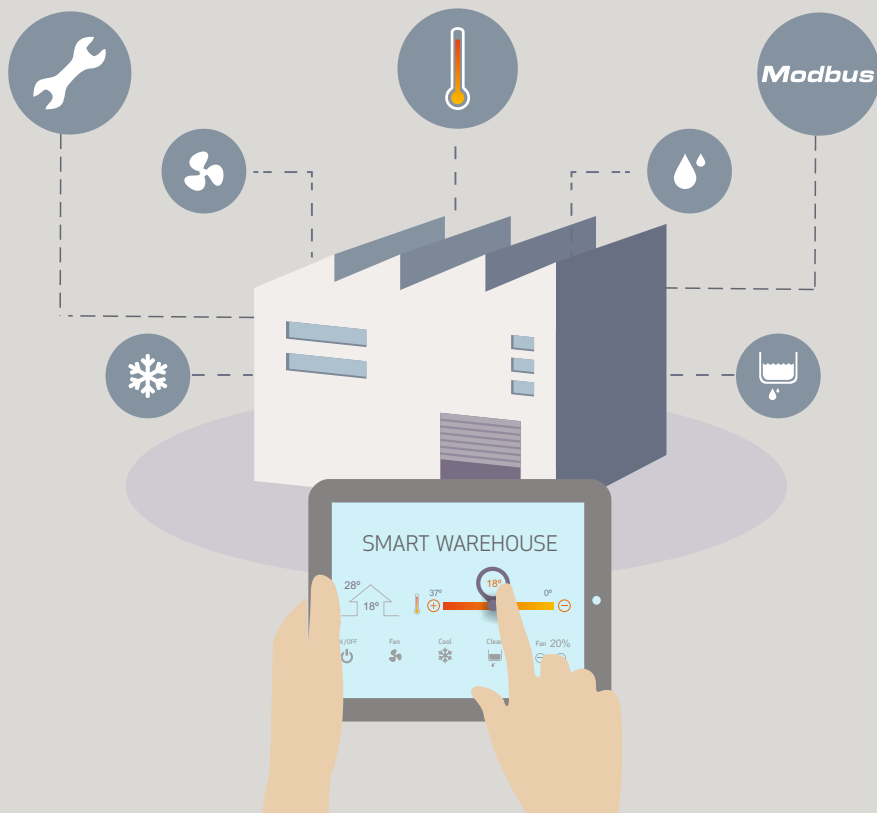

CONSIDERATIONS

TO DATE, COOLERS HAVE SOME LIMITATIONS...

- Do not always solve requirements.
- May offer uncomfotability due to moisture or not enough cooling.
- Standard Control may not be flexible for all needs.
- Difficult to link to Dx systems when available.
- High label of maintenance.

FOR THOSE CUSTOMER WITH COMPATIBLE UNITS INSTALLED...

- Allows to know maintenance needs before claiming to roof.
- Have historical performance and failure records.

REMOTE CONTROL
HUMIDITY AND
TEMPERATURE

COMPATIBLE WITH:

Biocool
Breezair
Grisair
Aolan
Braemar
Coolair

ELECTRONIC CONTROL COMPONENT

ADVANTAGES

WITH SMART CITY COOLER, YOU CAN...

- HAVE CONTROL OF COOLER PERFORMANCE KNOWING OUTSIDE AIR CONDITIONS, AMBIENT AIR CONDITIONS AND SUPPLIED AIR TEMPERATURE.
- HAVE CONTROL ON YOUR PC WEB OR SMARTPHONE IF NOT IN THE SITE.
- CHANGE SET FUNCTIONS PARAMETERS IN DISTANCE.
- UNLINK ONE UNIT FOR ITS GROUP CONTROL.
- INSTANT FAILURE NOTIFICATION.
- OPTIMIZE WATER USAGE.
- KEEP HISTORICAL DATA FOR MAINTENANCE.
- KEEP HISTORICAL DATA FOR PERFORMANCE.
- LOCAL CONTROL WHEN CLOUD CONNECTIVITY FAILURE.
- GET THE BEST RETURN ON YOUR INVESTMENT (ROI).
- LINK THE COOLER TO OTHER DX, EXHAUST FAN, ETC.
